## Points to Remember

MSMA's Cassie Williams maintains the Alliance database. It is vital that she be informed of changes and additions so our members will get their notifications and mailings in a timely fashion. Our VP(s) Membership needs to be informed of new members so she can welcome them to the Alliance.

Timely submission of dues ensures our members receive their mailings and email information in a timely manner.

Please be sure any new MSMA Alliance Direct Members submit complete contact information and let Debora know this is a new Direct Member so we can get the information to Cassie Williams.
