

WOMEN WHO ADVOCATE:

Making your voice heard at every level of physician advocacy

Thursday, January 20th, 7-8pm
Hosted by MSMA Women Physician Section

Visit
www.msma.org/women-physicians-section to register for this virtual event

January's session will be full of current advocacy efforts at our state and national level. Join us to hear from Heidi Geisbuhler and Shantel Dooling of the MSMA legislative team to hear what to expect from the

2022 Missouri Legislative session and how you can contribute. Additionally, we're excited to bring you a woman who continues to blaze her own path in advocacy - Dr. Willarda Edwards. As a current member of the AMA Board of Trustees,

Dr. Edwards will share current issues at that national level. This session will be full of lessons and advice for women wishing to make their voice heard at any level of advocacy.
